REVIEW OF PALAEOBOTANY AND PALYNOLOGY

Contents Volume 87, 1995

Special Issue: Marine Quantitative Palynology: Tectonic, Climatic and Eustatic Control (edited by J. Verniers, C. Poumot and M. Streel)

Introduction vii
Relations microfossiles organiques–paléoenvironnements: exemples de deux formations dévoniennes du Massif Armoricain et d'Aquitaine
V. Baudu, F. Paris 1
Jurassic palynology from a borehole in the Champagne area, France–correlation of the lower Callovian–middle Oxfordian using sequence stratigraphy
D. Fauconnier 15
Palynological variations and sedimentary cycles in the Jurassic from the Paris basin
V. Huault, G. Merzeraud, R. Rauscher, M. Schuler 27
The mid-Cretaceous palaeoenvironmental conditions in the Polish Carpathians—a palynological approach
J. Jaminski 43
Evolution of the Messinian Mediterranean environments: the Tripoli Formation at Capodarso (Sicily, Italy)
J.-P. Suc, D. Violanti, L. Londeix, C. Poumot, C. Robert, G. Clauzon, F. Gautier, J.-L. Turon, J. Ferrier, H. Chikhi, G. Cambon 51

Special Issue: Fossil In Situ Spores and Pollen Grains: An Annotated Catalogue
B.E. Balme 81
